

JORDAN ROSS ATKINS

Atlanta, GA - 678-300-5577 - jlate88@gmail.com - [ADD: LinkedIn / portfolio URL]

PROFESSIONAL SUMMARY

Trained to read a scene before anyone else can. 17 years a filmmaker controlling composition, continuity, and pacing; now a Georgia blue-card armed agent making real-time threat assessments on private executive-protection details for national broadcast talent (Fox News, CNN); and self-taught builder of autonomous multi-agent AI, local-LLM robotics, and versioned LLM instruction architectures with verification protocols. One discipline across three arenas - spotting what is wrong, missing, or false before it ships. Seeking remote AI evaluation/training, AI video/commercial production, or technical support - measured on the assessment, not a transcript.

CORE SKILLS

AI / ML: LLM output evaluation, prompt engineering, agentic systems design, multi-agent orchestration, AI behavior/instruction design, model-output review
AI Media: end-to-end AI video & image generation - Higgsfield AI (full suite), Google Veo / Google Labs, Kling, Midjourney (advanced: scene construction, character consistency); hyper-realistic and animated commercial production
Film & Post: cinematography, editing, color correction (DaVinci Resolve, CapCut), music editing & recording; composition, continuity, scene flow
Automation: autonomous task pipelines, multi-session orchestration, cross-application automation bridges, custom event-hook pipelines
Development: Python, Bash/Shell, HTML/CSS, Git, Linux system administration [CONFIRM/ADD: any other languages you use]
AI Tooling: ChatGPT, Claude / LLM APIs, self-hosted/local LLM deployment, Raspberry Pi, terminal-driven development [CONFIRM/ADD: Agent SDK, n8n/Make]

SELECTED PROJECTS

J-5 - Personal Robotics & Local-LLM Build (2025)

Self-built robotics project: Raspberry Pi hardware, camera vision ('eyes'), laptop-hosted local LLM ('brain'). Hand-coded via terminal to run a private self-hosted LLM ahead of mainstream adoption.

Ultronos - Autonomous Multi-Agent System (2025-Present)

Multi-agent automation system that runs tasks independently and reports status across separate sessions.

LLM System-Prompt & Instruction Architecture (2026)

Authored large-scale, versioned system-prompt and multi-agent instruction frameworks (10,000+ words) with built-in verification/audit protocols and version control - advanced prompt engineering and AI behavior design.

AI Commercial & Video Production (2025-Present)

Trained under a mentor producing AI-driven commercial work. Direct Veo, Kling, Higgsfield, and Midjourney on a 17-year filmmaking foundation to produce hyper-realistic and animated commercials end to end - human taste, not the tool, is the deliverable; original animated short in development.

EXPERIENCE

Executive Protection / Armed Security Agent - C2 Security Group, Atlanta, GA (October 2023-Present)

Close-protection details for national broadcast media personnel (Fox News, CNN), entertainment and music-industry talent, private and preschool campuses, and corporate/retail sites under managed-threat conditions
Armed agent with a veteran-owned firm (BBB A+, Voted Best of Georgia 2025) contracted to the Jewish Federation of Greater Atlanta, the Secure Community Network, and the MJCCA - sustained high-threat-environment protection
Georgia blue-card registered armed guard; real-time threat assessment, zero-margin judgment; self-trained in software and AI systems on duty

Independent Filmmaker, Editor & Music Producer (2008-Present)

17 years shooting, editing, acting, and co-starring in short films; intricate music editing and recording
Frame-level command of composition, symmetry, continuity, and emotional pacing - the craft eye AI generation lacks and the foundation that makes the AI film work credible

Insurance Sales Closer - Legacy Health Insurance, Los Angeles, CA (2018-2019)

Ranked #1 closer five consecutive months; cold-call acquisition, needs analysis, objection handling, close; trained incoming sales staff

Additional Experience (2003-2018, GA / LA)

Saucier - Cafe Del Rey (fine dining, LA); Stone Restoration - F.D. Atkins & Associates; Repossession Scout - Wilder Repo; Auto Driver - Georgia's Elite Auto Sales; Line Cook - Bones Restaurant, Atlanta

EDUCATION

High School Diploma - Alexander High School, Douglasville, GA
